

# Selling on international marketplaces?

World First could save you time and money.

We make it easy for you to manage your international marketplace sales by setting up local bank accounts, where you can receive proceeds from your sales. Once you've made that money, the last thing you want is to lose more than you need to through uncompetitive exchange rates. That's where World First comes in. We send your money home quickly and at great exchange rates.

## Local bank accounts

We'll open accounts in the UK, US, Canada, Australia and Europe for you to receive payments from your international marketplace sales.

## You're in control

Make transfers online 24/7 in just three clicks.

## Save money

Our great exchange rates could save you up to 3% of your transferred earnings versus marketplaces/banks.

## Help when you need it

Award-winning customer service and you'll always speak to a real person.

Our great exchange rates and excellent service will put you in the best position to manage your international sales revenue no matter how many marketplaces you're selling on.

"World First has provided a seamless solution to help bring my overseas earnings back at a much lower cost. As a result my business has benefited from the value that World First has added."
